

RELATO: THE RENOVATION OF OUR LIVES

Welcome to our story of entrepreneurship and transformation! I live in the heart of Celanova, province of Ourense together with my daughter Tania. We decided to exchange the hustle and bustle of the vibrant city of Vigo for the tranquillity and security of rural life. Thus, was born our dream: a hotel that would reflect our vision of warmth and quality.

Eight years ago, we stumbled upon a building that had once been an old inn, closed for 15 years. We saw its potential and, after extensive renovation, we managed to meet the requirements to turn it into a charming 2-3-star hotel.

Our project unfolded in several phases, starting with the refurbishment of one of the buildings and the creation of 20 rooms. We set out to design spaces that would encompass everything we value when traveling: 100% cotton bedding, sustainable toiletries, decoration with noble materials, a relaxing shower, quality mattresses for a good rest, and, of course, excellent dining service.

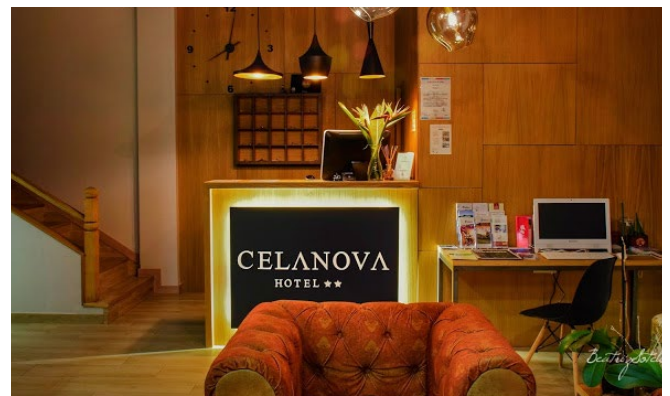

Located in the picturesque town of Celanova, our hotel is a haven of tranquillity. Accessible only by

private car, private bus, or taxi, we decided to expand our facilities in the second phase of the renovation. Thus, we enabled the 13 rooms of the second building, raising the category of the hotel and making it more attractive for large groups. This step not only improved our establishment's offerings but also made it more profitable for our family.

With 5 cultural heritage sites (BIC) and on the borders of a natural park (Xurés-Gerês), our hotel has become a reference destination. Just 20 kilometres away, you'll find a wealth of attractions. Thanks to our effort, participation in national fairs, and collaboration with local travel agencies, we can proudly welcome visitors from all nationalities.

Join us in this unique experience, where hospitality meets natural beauty, and unveil how we turned an old hostel into a welcoming retreat for those seeking an authentic experience in the heart of Galicia.

We look forward to welcoming you here and be a part of our story!
